INTENDED ITINERARY

Whilst it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the tour and on occasion it may be necessary or desirable to make alterations to the published itinerary. Please therefore treat the following as a guide only.

Duration: 13 Days
Countries visited: Kenya, Tanzania

DAY 1-3

Nairobi, Masai Mara National Reserve

Kenya is East Africa's most popular destination and has a long tradition of tourism and of welcoming visitors. Very often the first word you hear is the Swahili greeting 'Jambo' (hello), often followed by 'Hakuna matata' (no problem!). We recommend you arrive the day before the tour's scheduled departure in order to relax and overcome any jetlag before starting your trip. Nairobi, has seen rapid growth in recent years but has a comparatively small city centre, ideal for walking, a highly interesting city market (great for sharpening your bargaining skills!), numerous craft shops, book shops and plenty of cafes and restaurants to try. We depart the city early Day One and make our way across the Great Rift Valley to the Masai Mara National Reserve, our first highlight of the tour. We spend two nights camping on the edge of the Reserve with time to explore the park on morning and afternoon game drives. The sweeping plains, distant horizons, low slung acacia trees, occasional coppices of vegetation, and plentiful wildlife form a deeply evocative introduction to this wonderful continent. The 'Mara' is crossed every year between July and October by great herds of wildebeest, zebra and other grazing animals in their migration from the adjoining Serengeti plains to the south (in Tanzania). Predators (such as lion, cheetah, leopard) and scavengers (hyena, vultures) follow the grazing animals and this enormous congregation of wildlife forms a spectacular display of Africa's natural resource. But the Mara is excellent for game viewing at any time of year and regardless of when you can visit we hope to see some, if not all, of Africa's 'Big 5' (elephant, lion, rhino, buffalo and leopard) and an array of other wildlife.

From the Mara, we back across the Rift Valley to Nairobi, where we usually overnight, on our way south into Tanzania.

DAY 4- 8

Arusha, Serengeti National Park,
Olduvai Gorge, Ngorongoro Crater

After crossing the border at the busy Namanga frontier we come to Arusha. Situated mid-way between Cape Town and Cairo, this is very much Tanzania's 'safari capital' - a bustling city with colourful markets, shops, vehicles and people, all nestling in the shadow of the brooding Mt Meru (4556m). After exploring the curio markets, we head to our camp outside Arusha on the open plains to the west of the city. There is the opportunity to walk or take a camel to one of the local Masai villages and to visit the very informative Snake enclosure. It is from here that we prepare for our two night/three day excursion by 4x4 to Serengeti National Park and the Ngorongoro Crater.

Stopping to see the Olduvai Gorge, made famous by Drs Louis and Mary Leakey for their explorations into early man we descend onto the open plains and wide horizons of the Serengeti. Green after the rains, brown and burnt in the dry this is home to an enormous variety of grazing animals, predators, and birdlife. Flatter and larger than the Masai Mara the Serengeti is simply huge - indeed the name 'derives from the Masai word *Siringitu* - 'the place where the land moves on forever'. Game viewing here can be superb and camping out in an unfenced campsite where lion and hyena roam nearby is an unforgettable experience.

The following day we drive out of the plains and ascend the outer wall of the Ngorongoro Crater. We spend the night camping on the rim (you may need a jacket as it can be cold at night). At 326 square kilometres in area the Ngorongoro is Africa's largest intact caldera and is a World Heritage Site. If the view from the rim (2400 metres above sea level) is spectacular, the site from the Crater floor (some 600 metres below the rim) is equally enjoyable. All the major mammals are present, except giraffe (which cannot manage the steep slopes leading down one to the Crater floor). We descend the steep access road for a morning of excellent game driving in this dramatic location. After lunch we drive back up the access road for a final view over the Ngorongoro before we retrace our steps back to Arusha and our camp for the evening.

DAY 9 - 13

Dar es Salaam - Zanzibar

We have time in Arusha to replenish our stores before continuing past the shadow of Mt Kilimanjaro (Africa's highest peak at 5895m) to Dar es Salaam and the Indian Ocean. 'Dar' is Tanzania's main port and is a hub of commerce and industry - a hot, humid and bustling city. We set up camp at our campsite on the beach just outside of the city centre, usually having time to browse curio markets - best known for ebony wood - and prepare for our trip to Zanzibar.

Evocative and exotic, Zanzibar conjures up images of idyllic, sandy, palm fringed beaches, romantic winding cobbled alleys and lush tropical forests. You will find all of these and an intriguing past on the island. Zanzibar was once a major trading centre for spices and slaves as well as base for the great 19th century European explorers such as John Hanning Speke, Richard Burton and David Livingstone. Indeed the spice trade is centuries old: Zanzibaris have traded with the people of the Arabian peninsula for generations, plying the ocean in simple dhow sailboats relying on the annual trade winds for passage. The Arab influence is evident in the architecture and diverse street stall offerings of the capital, Stone Town. In fact it can be seen right along the East African coast with the *Swahili* language and culture displaying the mixing of Arab and African cultures over many centuries.

Our time on the island is not structured and your time is at leisure. Perhaps the best way to see Stone Town is on foot: explore the bazaars, shops, mosques, palaces, courtyards and myriad intricate alleyways of the old town. Spices are grown in plantations nearby and you can take day-tours to visit some and have your senses dazzled by the tastes and scents experienced. But if it's white sand, sparkling ocean and hot sun you prefer - head for the northern beaches and enjoy the Indian Ocean at its best. Try snorkelling and diving, indulge in some sumptuous seafood, or simply relax beneath a coconut palm with a cocktail and a good book.

Eventually we cross back to the mainland to Dar by ferry, where the tour ends.

NB As we leave the truck on the mainland, food and accommodation on Zanzibar is not included in the price or Local Payment. The time is yours to enjoy at leisure. Your tour leader will assist (if you wish) by booking suitable and well priced accommodation in Stone Town or on the beach (budget approx \$30-35 per night), unless you would like to book something independently in advance.

TOUR INFORMATION

Travelling overland is great fun, but it can also be challenging! This is a *participation* tour and your help will be needed in setting up the camp each night and assisting (usually on a rota basis) with the various day to day campsite duties, such as shopping, cooking and keeping the truck and camp tidy. But don't worry it's not all hard work and it's a great way to meet the local people and get to know your fellow travellers. Your contribution benefits the success of the tour - most people find the greater their involvement, the greater their enjoyment of the whole trip.

Africa is an adventure destination and travelling here is not always predictable so be prepared to "expect the unexpected" in difficulties or delays which might come our way! However, you'll soon find that the diversity of the African landscape, the wildlife and the communities we pass on our way, make the sometimes rough travel and long driving days worthwhile.

Come with a sense of adventure and a flexible attitude and you will be sure to enjoy your Acacia overland tour across this amazing continent.

Kenya straddles the equator and covers an area of 582,646 sq kilometres, which includes around 13,600 sq kilometres of inland lakes. It is one of Africa's most diverse communities, having been a major migratory pathway for millennia. More than 70 tribal groups occupy the land and whilst distinctions between them have become blurred and western cultural values being adopted, the individual cultures and traditions can still be detected, especially in rural areas. Most of the African population is Christian whereas the Asian population is a mix of Muslim, Hindu and Sikh. English and Swahili are the official languages, however there are many other major tribal languages spoken.

Points of Interest

Masai Mara National Reserve

The Masai Mara National Reserve (sometimes abbreviated to 'the Mara' meaning 'mottled' – due to its patchy landscape) is Kenya's best known game reserve. It is coined by gently rolling hills, woodland and acacia trees and watered by two rivers, the Mara and Talek. There are no fences between the Masai Mara and the bordering Serengeti National Park in Tanzania, and large numbers of animals roam freely between the two parks. The most dramatic spectacle of the area is the migration of zebra and wildebeest. Every year in May, they leave the dry south in herds of thousands and head first west and then north to the greener grasses. Lion, cheetah, hyena and wild dog follow the wildebeest and zebra, making sure that only the fittest survive. In November, when the grazing is finished in the north, this army of animals surges back to the now green pastures of the south where they calve and mate before starting the entire cycle again.

You will also be likely to spot the 'Big 5' here - buffalo, elephant, rhino, lion and leopard. It's little known but the term originally referred to the 5 large animals that proved the most challenging to early colonial hunters. Nowadays visitors prefer to 'shoot' the animals with cameras rather than guns and the park also has very healthy populations of cheetah, zebra, giraffe, hippo, hyena, jackal, eland, crocodile and many different birds.

Several sub-tribes of the Maasai people live within the Mara area. These are a proud semi-nomadic, non-hunting people who live and raise their cattle in harmony with the surrounding wildlife. Despite the growth of modern civilization, the Maasai have largely managed to maintain their traditional ways.

Lake Nakuru National Park

Lake Nakuru National Park was established in 1961 with only the surroundings of Lake Nakuru, but subsequently extended to its present 200 sq kilometres. The park 'centre piece' is still Lake Nakuru, a shallow alkaline lake whose size varies from 5 to 40 sq kilometres depending on rainfall and which attracts a multitude of birds, especially flamingos. These colourful wading birds may gather in such numbers that they form a pink fringe to the lake shore. Other prominent birds are pelicans, cormorants, rollers, and almost 500 other bird species. The forests surrounding the lake are a perfect habitat for black and white rhino, leopard, buffalo, waterbuck, warthog, impala, giraffe, eland, and lion.

The United Republic of Tanzania (the largest country in East Africa, including the islands of Zanzibar and Pemba) came into existence in 1964, three years after gaining independence from Britain. Although it shares many characteristics with Kenya (particularly with the Swahili culture and language), it does not have the same ethnic mix and following independence developed along more socialist lines than Kenya. Possibly for that reason Tanzania did not experience the growth in industry that Kenya enjoyed , although in recent years it has made up much ground on its northern neighbour. Tanzania's game parks however are - if anything - even better known than Kenya's. The Serengeti National Park and Ngorongoro Conservation Area are truly world renowned, as is Africa's highest peak Mount Kilimanjaro. All of these highlights are within easy reach of Nairobi, attracting many tourists and earning Tanzania much needed foreign exchange.

Points of Interest

Serengeti National Park

Of all the wildlife sanctuaries in Africa, the Serengeti is probably the most famous. With 14,763 square kilometres (the size of Northern Ireland) and no fences between the adjacent game parks. The Masai word is '*siringitu*' – meaning 'endless plains'. The landscape, formed by volcanic activity, varies from grassy plains in the south, to savannah and hilly grassland in the north to extensive woodland and black clay plains in the west. Small rivers, lakes and swamps are scattered throughout. Each area has its own particular atmosphere and wildlife.

The wildlife here comes in large numbers: 1.3m wildebeest, 200000 zebra, 1500 lion, 1000 elephant, 300000 gazelle, 25000 buffalo, 72000 topi, 500 giraffe and 10000 eland. As well as some 500 bird species.

Ngorongoro Crater Conservation Area

Located between the Serengeti and Lake Manyara, sits **Ngorongoro Crater**, the largest unbroken caldera in the world and a World Heritage Site. Some 600 metres deep and 16km wide, the Ngorongoro hosts almost all animal species found in East Africa, including zebra, wildebeest, rhino, lions, cheetah, elephant, hyena, warthog, impala, buffalo, hartebeest, eland, various antelope and birds. The rim of the crater, where all the lodges are located, offers spectacular views.

Olduvai Gorge

The name Olduvai derives from a misspelling of Oldupai, the correct Masai word for the wild sisal plant fibre growing in the gorge. Located between the Serengeti and Ngorongoro, the Olduvai is where Drs Mary and Louis Leakey discovered early remains of mankind in the late 1950's and later an ancient human footprint. It became known as the 'Cradle of Mankind' - as the findings suggest that our species first evolved in this area.

Zanzibar

Zanzibar is Tanzania's 'spice island'. It has a colourful history, spice plantations and **beautiful beaches**. Once a trading centre for spices and base for 19th century explorers such as Speke, Burton and Livingstone the island had a darker history too – as a staging post for slaves being shipped out of the African heartland to the Middle East and elsewhere. Zanzibar's traditional trade has always been with the Arabian peninsula, historically by traditional dhow sailboat plying the ocean by the annual trade winds. The Arab influence is evident in the architecture and diverse street stall offerings of Stone Town – and in fact this same influence is seen right along the East African coast with the Swahili language and culture displaying the mix of Arab and African cultures over the centuries.

FOOTBALL'S COMING TO AFRICA

In line with the 2010 Football World Cup, in Cape Town, Acacia's keeping its eye on the ball. We've got together with the charity Footballs for Fun to spread some goodwill and love for the beautiful game across the continent. In 2008 all our trucks will carry footballs which can be bought and donated to children in the local towns along our route. The footballs are a perfect ice breaker and a game with locals is a great way to make friendships despite language differences. And all the profit (at least £2 from each ball) goes straight back into Africa, helping support a selection of AIDS charities and children's homes. Make a difference, get kicking and buy a ball when you're next on one of our trucks.

RESPONSIBLE TRAVEL

We believe that you get the most out of a journey by respecting the culture and people of the places you visit. On our tours we try to travel in a way that benefits the communities we pass through and minimises negative impact on the environment. This can be from ensuring the campsites we use are clean when we leave and dressing respectfully in conservative areas to getting involved with local charity projects. We ask that you are open to this when you travel with us. Being proactive in responsible travel helps develop cross-cultural understanding and friendships with the local people, and will greatly enhance your experience in Africa.

PHOTOS & STORIES SEARCH

If you've ever thought you can take better pictures than the brochures or have a great travel story and want to see yourself in print, then we're looking for you. If you've captured a great moment on tour, whether it's of the wildlife, local people, landscape or life on the road why not enter our monthly photographic competition starting in 2009. Not only do we give away a monthly prize, you may also see your photos published in a future brochure or on our website. We are also on the lookout for stories of life on the road, the funny, exhilarating, moving or simply unforgettable things you did on tour. We publish the best stories on the Tales from the Road section of our website. Send your photos or stories to acaciaontheroad@googlemail.com

Photos should be in digital format & good resolution (max 6 pics per person) and labelled with the location of where the photos were taken. Meanwhile if you have a story or anecdote about your tour (up to 400 words) it needn't be word perfect, we'd love to hear about it.
