6 DAYS

Tour Departure – **08:00**

HIGHLIGHTS

Livingstone
Chobe National Park
Greater Kruger and Kruger National Park

Short of time but want to see Southern Africa? Check out Kruger, South Africa's premier national park, visit Botswana's beautiful Chobe National Park, and indulge at Africa's most famous sight and adrenaline pumping playground - Victoria Falls. Ideal for those with limited time this lets you see some of the best of southern Africa's attractions.

INTENDED ITINERARY

Whilst it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the tour and on occasion it may be necessary or desirable to make alterations to the published itinerary. Please therefore treat the following as a guide only. The vehicle used for this tour is a fully-equipped safari truck, except for the visits to some of the national parks when we may use smaller more suitable vehicles (typically, 4x4 or safari vans).

Duration: 6 Days
Countries visited: Zambia, Botswana, South Africa

DAY 1 - 2

Livingstone, Kasane, Chobe National Park

This safari starts in Livingstone and heads into Botswana to Kasane and Chobe National park. If you wish to enjoy the various activities and excursions typically available in the Victoria Falls area please plan to spend a few days here before the tour begins. Activities include white water rafting, bungee jumping, abseiling, gorge swinging, canoeing, elephant and horse riding, scenic flights (by microlight, helicopter or small plane), and – a definite 'must!' - visit to the thunderous Victoria Falls themselves. At times of high river levels the spray can be seen from 20 kilometres away, hence the local name Mosi au Tunya – the 'smoke that thunders'.

From Livingstone, we drive along the northern banks of the Zambezi River and cross by ferry into Botswana, driving the short distance to Kasane and the Chobe National Park. Chobe is home to some of Africa's largest populations of elephant as well as lion and abundant bird life, including the famous African fish-eagle. The Chobe River hosts lush plains and forests and supports a remarkable variety of wildlife. A popular option is the river cruise for a relaxing way to see the wildlife – hippo, buffalo, perhaps elephant and possibly lion as well as a variety of birdlife – which come to the river's edge to bathe and drink.

DAY 3 - 5

Nata, Polokwane, 'Greater Kruger', Kruger National Park

We spend a couple of days crossing the vast grasslands of southern Botswana, skirting the edge of the Kalahari via Nata and Francistown, to South Africa, where we make for southern Africa's premier game reserve, Kruger. The fences between Kruger National Park and the neighbouring private game reserves have been removed to form a vast 'Greater Kruger' area of over 24,000 square kilometres in area. We spend two nights here and hope to catch a glimpse of Africa's diverse wildlife - lion, elephant, buffalo, giraffe, possibly leopard, and some 500 species of bird which inhabit the park. The landscape is largely bush and savannah but with good road network it allows (relatively) easy access to most areas of the park.

DAY 6
Johannesburg

Finally we leave the Kruger behind and make our way, to South Africa's commercial capital of Johannesburg, where our tour ends in the late afternoon/early evening of Day 6. (We highly recommend that you plan to stay that evening in Johannesburg).

TOUR INFORMATION

Travelling overland is great fun, but it can also be challenging! This is a *participation* tour and your help will be needed in setting up the camp each night and assisting (usually on a rota basis) with the various day to day campsite duties, such as shopping, cooking and keeping the truck and camp tidy. But don't worry it's not all hard work and it's a great way to meet the local people and get to know your fellow travellers. Your contribution benefits the success of the tour - most people find the greater their involvement, the greater their enjoyment of the whole trip.

Africa is an adventure destination and travelling here is not always predictable so be prepared to "expect the unexpected" in difficulties or delays which might come our way! However, you'll soon find that the diversity of the African landscape, the wildlife and the communities we pass on our way, make the sometimes rough travel and long driving days worthwhile.

Come with a sense of adventure and a flexible attitude and you will be sure to enjoy your Acacia overland tour across this amazing continent.

MONEY MATTERS

PERSONAL EXPENSES

Naturally you will require extra money for your own personal spending on the tour, for snacks, drinks, souvenirs, tips and items of a personal nature. Everybody has different spending habits but as a guideline we suggest you budget US\$15-20 per day. Also keep US\$ cash for relevant airport taxes and visas needed, optional activities and any additional accommodation before or after your tour.

- **Spending money** is best carried as cash in US dollars, Sterling or Euro which can then be transferred into local currency on arrival. Your guide can advise how and when you can change the rest of your money throughout the tour.

We recommend you bring your spending money in several different ways (some cash, some t/cheques, some cards); your guide can best advise on what to use where.

South Africa is a country rich in minerals, wildlife and scenery; a land of beauty with a complex social and political structure. Having by far the most developed and sophisticated economy on the continent, South Africa is essential to many of the neighbouring countries as an avenue for exports and as provider of electricity and high tech products. An excellent network of roads and an abundance of high quality camp sites makes travelling in and around South Africa an easy and rewarding experience.

Points of Interest

Johannesburg

Looking at the modern façade of South Africa's capital it is hard to imagine that it is merely over a hundred years old. It started to boom after gold was found in the area and therefore is still referred to as the gold capital of the world. Besides its great shopping and nightlife, Johannesburg is a good base for daytrips.

Things to do within Johannesburg city are the views from the top of the Carlton Centre, Museum Afrika, the Market Theatre precinct, Hillbrow and Houghton Gold Reef City (a replica of Johannesburg as an old gold mining town), tribal dancing, street theatres and amusement parks.

You can also go on a Soweto township tour where you visit a township, the Hector Petersen monument, apartheid museum and a local shebeen (pub).

At the nearby Lion breeding park you can see cheetah, zebra, giraffe and cuddle lion cubs

Cape Town

Founded in 1666 as a place where trading ships rounding the Cape of Good Hope could replenish supplies, Cape Town today is South Africa's tourist destination No.1. It is one of the most beautiful cities in the world with plenty of sights and outdoor activities. The natural beauty of the place is defined by mountains (especially the famous Table Mountain) and sea (and not only one, it is here the Atlantic and the Indian Oceans meet).

The 'Mother City' has also has one of the most diverse populations in Africa including descendants from Indonesian, Malay, French, Dutch, British & German settlers, the local Khoisan (Bushman & Hottentot) tribes and the Bantu tribes from the north. It is one of the most tolerant and relaxed cities in Africa.

Places of interest in and around Cape Town:

Table Mountain – Cape Town's trade mark towers 1086 metres above sea level and is accessible by cable car or by several trekking routes (Platteklip Gorge being the most commonly used)

The Castle – Cape Town's oldest remaining building

Bo-Kaap – the old Malay quarter is a predominately Muslim area coined by Malay slaves who were brought in by the Dutch.

Victoria & Albert (V&A) Waterfront – this complex of shops, restaurants and bars attracts over 20 million visitors every year; it also has a oceanarium where you can dive with sharks; there is also the adjacent (and still working) port of Cape Town.

Robben Island – 11 kilometres from the coast, this World Heritage Site features a former prison of Nelson Mandela.

Company Gardens – the remains of the original fruit and veg gardens to provide the ships, these gardens now host many interesting museums.

Kirstenbosch Botanical Gardens – situated at the eastern side of Table Mountain, these gardens contain a wide variety of mostly indigenous flora with the mountain as a backdrop; in summer concerts are held here every Sunday afternoon.

Cape Peninsula – a day tour around the Cape Peninsula will lead you to Hout Bay Harbour with its Cape Fur Seal colony on Duiker Island, Boulders Beach with its jackass penguins and to the Cape Point Nature Reserve where the south-western most point of Africa is to be found.

Winelands – the world-renowned wine region around Stellenbosch has some of the oldest and most beautiful wineries in South Africa. Visit the beautiful buildings and sample some excellent wines.

Although vast, semi arid and empty, Botswana has prospered since independence and is comparatively well off in relation to its neighbours - especially those to the north. The economy relies on mining (Botswana supplies much of the world diamond supply), cattle ranching and tourism. Botswana is heavily reliant on South Africa for rail, air and sea links. The Okavango Delta in the north west of the country is a major attraction, the water levels rising and falling annually with the rivers originating in the Angolan highlands. Perennially short of water, the word for Botswana's currency unit (one of the strongest currencies in Africa) is the same word for rain.

Points of Interest

Okavango Delta Reserve

Some 1.6m hectares in area the Okavango Delta is the largest inland delta in the world and known to the locals as 'the river which never finds the sea'. Arising as a result of rivers rising in Angola (to the north) and flowing south and then dividing to form a natural wetland consisting of natural reed filled water channels, lagoons and islands. The Okavango consists of 4 parts: the Inner Delta, the Eastern Delta, Moremi Game Reserve and the Okavango Panhandle.

The Okavango is best explored on foot and by mokoro (dug-out canoe) where 'polers' guide you through the labyrinth of channels, standing like gondoliers at the rear of the boat. An alternative is to fly over the reserve for a bird's eye view. The Okavango is also very good for birders as huge numbers of waterfowl and raptors reside there, but you also find elephant, zebra, buffalo, wildebeest, giraffe, hippo, crocodile, lion and kudu here.

Chobe National Park

This park, 11,000 sq kilometres in size is located in the northern corner of Botswana near where the borders of Namibia, Zambia and Zimbabwe come together. One of Chobe's main attractions is the 25000 strong elephant population – part of a huge 'superpopulation' that exists across the northern belt of Botswana and Zimbabwe in which elephant numbers are thought to total some 120000. The Chobe River, its floodplain and nearby teak forest marks the heart of the park and it is there that animals come to drink and bathe. Besides elephant, you may also see antelope, buffalo, crocodile, lion, hippo and a number of birds including the African fish eagle.

Formerly Northern Rhodesia, Zambia is made up of a highland plateau (approximately 1000 metres above sea level) which rises toward the east and which - in the north, along the border of DR Congo- houses enormous reserves of copper, cobalt, coal, zinc and lead, the mining of which is of extreme importance to the economy. Tourism is of increasing importance with the magnificent Victoria Falls on the Zambezi River marking the border with Zimbabwe. The game parks of Zambia, although not so well known as those of Kenya and Tanzania, are large and well stocked with wildlife of all types. Zambia is one of Africa's newest democracies with its first multi party elections in 1991.

Points of Interest

Victoria Falls

'Mosi-oa-Tunya' – (the smoke that thunders) is the local name for Victoria Falls. At most times of year the Falls is an inspiring sight: 1708 metres wide and drop between 90 and 107 metres into the Batoka Gorge. An average of 550,000 cubic metres water /minute plunge over the gorge and at high water times the spray can be seen from 20-30 kilometres away. The Batoka Gorge forms the border between Zambia and Zimbabwe. David Livingstone, the first European to see Falls in 1855 (and who named them after Queen Victoria) reported 'Scenes so lovely, they must have been gazed upon by angels in their flight'.

Today, visitors come here not only to look at the Falls themselves but also to try the various adventure activities available in the area -white water rafting, river boarding, jet boating, bungi, microlighting, helicopter flights, sunset cruises and elephant back safaris to name a few. Most tours spend several days in the area, just outside Livingstone, the nearest town, giving opportunity to view the Falls themselves and to try some of the adventure activities available. If your tour starts or finishes here though we do recommend you planning on having another day or so if time allows.

ACACIA ON THE ROAD

FOOTBALL'S COMING TO AFRICA

In line with the 2010 Football World Cup, in Cape Town, Acacia's keeping its eye on the ball. We've got together with the charity Footballs for Fun to spread some goodwill and love for the beautiful game across the continent. In 2008 all our trucks will carry footballs which can be bought and donated to children in the local towns along our route. The footballs are a perfect ice breaker and playing a game with locals is a great way to make friendships despite language differences. And all the profit (at least £2 from each ball) goes straight back into Africa, helping support a selection of AIDS charities and children's homes. Make a difference, get kicking and buy a ball when you're next on one of our trucks.

RESPONSIBLE TRAVEL

We strongly believe that you get the most out of a journey by respecting the culture and people of the places you visit. On our tours we try to travel in a way that benefits the communities we pass through and minimises negative impact on the environment. This can be from ensuring the campsites we use are clean when we leave and dressing respectfully in conservative areas to getting involved with local charity projects. We ask that you are open to this when you travel with us. Being proactive in responsible travel helps develop cross-cultural understanding and friendships with the local people, and will greatly enhance your experience in Africa.

PHOTOS & STORIES SEARCH

If you've ever thought you can take better pictures than the brochures or have a great travel story and want to see yourself in print, then we're looking for you. If you've captured a great moment on tour, whether it's of the wildlife, local people, landscape or life on the road why not enter our monthly photographic competition starting in 2009. Not only do we give away a monthly prize, you may also see your photos published in a future brochure or on our website. We are also on the lookout for stories of life on the road, the funny, exhilarating, moving or simply unforgettable things you did on tour. We publish the best stories on the Tales from the Road section of our website. Send your photos or stories to acaciaontheroad@googlemail.com

Photos should be in digital format & good resolution (max 6 pics per person) and labelled with the location of where the photos were taken. Meanwhile if you have a story or anecdote about your tour (up to 400 words) it needn't be word perfect, we'd love to hear about it.

Legalities: You, the photographer/author, retain copyright of all images & words submitted but we reserve the right to use of them for Acacia brochures, promotions & advertising.
